EDUCATION

BSc (Hons) Computing

Islington College Kathmandu (London Met University)

2024 – Present

School Leaving Certificate (SLC)

Uniglobe SS/College

2019 – 2021

SOFT SKILLS

- Client Communication
- Strategic Thinking
- Adaptability
- Team Collaboration
- Quick Learning
- Time Management

CAREER OBJECTIVE

Aspiring full-stack developer and UI/UX designer aiming to launch a career building scalable, user-centred digital products for a forward-thinking technology team. Bringing hands-on experience in Figma-driven design and modern web development — HTML, CSS, JavaScript, React, Java Servlets, and MySQL/MongoDB — backed by four AWS Academy certifications and eleven LinkedIn Learning credentials. Seeking a junior or graduate role where I can contribute from day one, sharpen my craft under experienced mentors, and grow into a lead developer or product design specialist within three to five years.

PROFESSIONAL EXPERIENCE

Business Development Intern

Nov 2024 – Present

ING Skill Academy · Kathmandu, On-site

- Generated and qualified leads through targeted outreach, measurably growing the sales pipeline.
- Prepared sales proposals and maintained CRM records to support client acquisition efforts.
- Contributed to marketing campaigns, strengthening audience targeting and outreach messaging.
- Built strong client-facing communication and strategic thinking skills alongside full-time studies.

Business Operations Assistant

May 2022 – Aug 2024

Ram Sagar Builders Pvt Ltd · Kathmandu

- Managed recruitment, expense management, and day-to-day business operations end-to-end.
- Evaluated emerging technologies and recommended adoption strategies for process improvement.
- Developed client design briefs and incorporated iterative feedback into final deliverables.

PROJECTS

Hot Wheels Nepal — Full-Stack E-Commerce Application

Mar – May 2026

HTML · CSS · JavaScript · Java Servlets · MySQL

[Github](#) — Full source code and repository

- Architected and delivered a complete e-commerce platform: catalogue, cart, and checkout — solo.
- Designed the full UI/UX in Figma from wireframes through prototype to responsive production build.
- Engineered a Java Servlets backend with MySQL for robust, persistent data management.
- Applied user-centred design principles throughout the entire product lifecycle.
